

Date: June 27th, 2021

Dear Customer,

The recertification process for Pelicans Torrance ISO 9001:2015 QMS has been delayed due to travelling restrictions and scarcity of resources as a direct result of COVID restriction in California and the US.

Our Certifying Body, SGS, have provided an extension to our certificate to ensure that there will not be a break in coverage. The certificate is expected to arrive within the next 60 days.

The detail of the audit is shown below:

Re: Pelican Products Inc. ISO Certification

Certificate: US19/81841502 ISO 9001:2015

Certifying Body: SGS North America, Inc.

Scope: Design, Manufacture and Sales of Industrial and Commercial Flashlights and High Impact Thermoplastic Cases

Audit Date: May 20th, 2021

Summary and Conclusions: The audit team recommended that, based on the results of this audit, the management system certification be: **Renewed.**

Thank you for your patience.

Scott Nicholson,

VP Quality
